

Pool Opening Update 3:

1. The Knox County pool inspector informed us that Knox County would be moving into Phase 2 starting on **May 26, 2020**, which allows for community pools to open*. The Board has not received any official updates on the guidelines and regulations. It is currently awaiting a decision from the mayor's office. The HOA Board continues to adhere to the Covid-19 restrictions enacted by Knox County leadership.
2. Once we receive the updated guidelines and regulations, we still require a minimum of **2+ weeks** to perform the opening checklist, in addition to any policy/guideline and regulation changes per the Knox County Health Department. The tentative open date is set for **June 15, 2020**.
3. The Board has no control over the guidelines and regulations or when they will be released as it is based on the decision by Knox County.
4. Before opening, the Board will be sending out information on the New Key Fob System installed at the Pool Complex. **Please visit us at (www.falconpointeknoxville.com) for official updates and community information.**

We appreciate your understanding and ask that all residents continue to remain patient. For details on how to protect yourself and others, please see this site:
